No advertising cut, one inch square or smaller, will be accepted unless made of metal. No wood base cuts of this size will be used. Wood cuts are dangerous to forms and press.

Entered at the Postoffice in Tonopah as second-class matter

#### Consistently Inconsistent

Consistency in a newspaper is a valuable asset and the publication that is found to be inconsistent in its editorial harrangues is generally found to be lacking in all other attributes. For a number of months the Carson News has let no opportunity escape when a severe rap could be taken at the Stubbs management of the state university. The News has been camping on the trail of President Stubbs for several years, and it cannot bedenied that what the Stubbs administration was deserving of censure. However, the News overlooks entirely matters at home and has been strangely silent about matters pertaining to the

The total abstinence of the News about mentioning the Wildes receivership or the actions of Judge Langan in upholding Wildes for drawing salaries from the state and the bank at the same time, has a strange aspect. It is all the more strange owing to the attitude of the paper in condemning the state university and remaining quiet about a matter that is of more importance to the people of Carson.

The Bonanza has frequently commented upon the unbusinesslike manner in which the university has been conducted and has urged upon the board of regents the instant removal of Stubbs. It has also commented upon the State Bank and Trust situation and has urged the removal of both Judge Langan and Receiver Wildes. The Bonanza has attimpted to be consistent of its criticisms of public officials and when a roast appeared due the same has been delivered cheerfully. However, it has never been the intention of this paper to make flesh of one and fish of another, for such an inconsitent attitude would reflect neither credit or glory upon this publication,

### Support Is Needed

Within the next few days the athletically inclined members of the Tonopah high school will commence training for the annual academic meet at Reno. At the academic field and track meet teams are entered from practically every high school in the state and also from the Susarville (Cal.) high school. The various events are hard fought throughout and in the past few years Tonopah has been fortunate by winning & few points at each meet.

It is not to be expected that Tonopah will win the meet at the coming session, but it is expected that this team will make a reditable showing. The only way the team can successfully compete is by the support given by this community. Every person in Tonopah should take an interest in the high school happenings and a pride should be felt in the track team. The team will represent Tonopah at the meet and whatever credit reflects upon the members, will likewise reflect upon this camp.

The lads who will constitute the team will devote the next six weeks to getting into condition and liberal support should be given, the boys during this time. The boys are forced to pay the greater part of their expenses while journeying to and from Carson, and in a number of instances this will work a hardship. However, the young athletes will not be daunted by the lack of funds and are prepared to make any number of sacrifices that they might ably represent their high school.

If a spirit of this sort was exemplified by the business men of Tonopah, it would serve to greatly encourage the youthful athletes and would also increase the membership of the tenm that will participate

# A Relief Measure

It has been noted that a bill was introduced in the state senate prior to the adjournment last week, for the relief of L. A. Gibbons, a Reno attorney, for the sum of \$500. This aum was claimed to be due for services rendered as attorney for the board of prison commissioners during the time the famous Oddie-Baker controversy was being aired. It is understood that the bill was killed in the senate. Such action is deserv ing of merit.

Gibbons was employed by Governor Oddie to appear before the board as the personal legal representative of the governor. Ray Baker, then warden of the state penitentiary, was under charge of having extravagantly conducted state prison affairs, and he was represented by his brother, the late Cleveland H. Baker, at that time attorney general and also a member of the board. Gibbons, throughout the hearing, did not profess to represent the board, and the minutes of the session will show that he was present, solely as the governor's counsel.

The action of presenting a relief bill for \$500 to the state for private services is deserving of severe censure. The action of a governor who would permit such a procedure is also deserving of censure. The entire

### GOLDFIELD CON. HAS ELECTION

A meeting of the board of directors of the Goldfield Consolidated Mines company was held at the company's office in Goldfield Saturday when officers were chosen for the ensuing fiscal year.

George Wingfield was elected president of the company, J. D. Hubbard. ice president; A. H. Howe, secretary and treasurer; Albert Burch, general manager; and J. W. Hutchinon, assistant general manager,

The directors chosen at the recent stockholders' meeting at Evanston, Wyo., on the 17th of this month, are; George Wingfield, J. D. Hubbard, J. H. Carstairs, A. H. Howe and Albert

### STICK TO NEVADA

The rumor that George Wingfield and wife were about to leave Reno and take up their residence in San Francisco, has been denied by Mrs. Wingfield. The fact that her parents are building in Oakland probably lent cause for this rumor. Wingfield has stated that he is too busy in Nevada o think of leaving the state.

# NOTICE OF ANNUAL MEETING

The regular annual meeting of the clockholders of the Goldfield Hiberaia Mining company will be held at the office of the company will be held at the office of the company will be held at the office of the company will be held at the office of the company will be held at the office of the company will be held at the office of the company will be held at the office of the company will be held at the office of the control of the company will be held the place of the meeting and to act upon a proposal to amend article HI of the articles of incorporation so as to read as follows:

"The company's principal place of the control of the marticles of the the town of conditions as a principal place of the state in the town of coldfield, state of Keyada, and at such other places as the board of directors may be held, the books of the company may be kept and corporate business transacted, and the incorporate of the company shall be at the office of the company shall be at the office of the some and to amend the by-laws.

And to amend the by-laws.

And to amend the by-laws.
